Screen Printing

All pricing in the catalog includes a 1-color imprint unless otherwise stated. Please see each individual item for pricing details.

Overall Imprint or Step and Repeat Screenprinting

Overall or step and repeat imprints can be added to almost any domestic or Retrofit bag. Pricing is included on each individual product as follows:

Overall (size larger than 14" x 14") \$0.85 (v) with a \$85 (v) screen

This pricing is in lieu of the standard 1 color imprint. To add an additional 1 or multi color drop in a different color ink please add the extra color charge of \$.50 (v) per color plus screens at \$50 (v)

Overall imprints can be only 1 color. Creation of the initial step and repeat design is free. Changes to the art after the initial creation will be billed at \$18.75 (v)

Ink color change charges are \$22.50 (v) with a 25 piece minimum.

See Stock Overall designs below.

Embroidery

Embroidery is an excellent way to dress up almost any bag in the catalog.

Production Time: Standard production time for embroidery is 10 working days.

Minimum letter size for text is 3/16".

Embroidery Format: Tajima. Customer supplied tapes are not necessarily compatible with our machines. The sewout quality of a customer supplied disk is not the responsibility of Landes.

Sew-outs: The first sew-out on an order is free. Additional sew outs are \$18 (v)

Embroidery Tapes: These remain the property of Landes and can be purchased.

EMBROIDERY RUN CHARGES AND DIGITIZING

5v

Stiches	50-99	100-249	250-499	500+	Digitizing
1000-2999	\$3.25	2.31	1.75	1.63	\$35
3000-4999	\$3.56	2.63	2.00	1.88	45
5000-6999	\$3.88	2.94	2.25	2.13	60
7000-8999	\$4.19	3.25	2.56	2.44	70
9000-10999	\$4.56	3.63	2.94	2.81	85
11000-12999	\$4.88	3.94	3.19	2.94	100
13000-14999	\$5.19	4.25	3.56	3.25	110

Vivi-Trans

Vivi-Trans is a full color process screen printed transfer that can be applied to almost any item in our catalog. Pricing is included with each item as follows:

250 piece minimum | \$1.00 (v) each run charge
Pre-pro samples are \$188 (v), changes to art after approval add an additional setup of \$188 (v)
The following limitations and guidelines apply

- **Maximum imprint area** is 9" x 12"
- The price above is for **process printing only**. Spot color printing is possible but must be custom quoted.
- **Line weights** without a background must be at least 2pts in width. For example small Circle R registered trademark indicators and other lines and text need to either have a color behind them or be at least a 2pt line thickness.
- **Drop shadows** and other halftones must drop onto the art and cannot drop directly onto the fabric without some backing color.
- **Delivery time** for Vivi-Trans is an additional 10 working days added to the listed production time for each item. This is a general guideline so please communicate with the factory about your specific need.

Digital Transfers

A digital transfer is a transparent, heat applied decoration. In some instances this type of transfer is preferable over a Vivi-Trans screen printed transfer. One limitation of this process is that it must be applied to white or light colored fabric.

The many benefits to this process are:

- Max size at 13 x 15 is larger than the Vivi-Trans
- Low minimum of only 50 units
- Low setups of only \$36 (v)
- Please consult your customer service agent to determine if this decoration method is right for your project.

Art Requirements

High resolution jpeg files work great for this process.

Considerations

Copyrighted art must be accompanied by the express written consent of the creator.

Size	50-99	100-249	250-499	500+
13 x 15 max	\$4.21	3.76	3.41	3.06
8 x 10 or 80 sq in	\$2.41	2.16	1.95	1.75
5 x 7 or 35 sq in	\$1.26	1.12	1.00	.95
3 x 5 or 15 sq in	\$.93	.82	.72	.68
